PROFESSIONAL SUMMARY

Civil Engineering student at Addis Ababa Science and Technology University with a strong interest in software development and practical technology solutions. Combines an engineering mindset with hands-on experience building responsive web applications, dashboards, REST APIs, and full-stack projects. Focused on problem solving, continuous learning, teamwork, and turning ideas into useful real-world digital products.

EDUCATION

Addis Ababa Science and Technology University (AASTU)
BSc in Civil Engineering — 3rd Year | 2025–2029 G.C.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, Responsive Web Design
Backend	Node.js, Express.js, REST APIs
Programming	C++, Algorithms, Problem Solving
Tools	Git, GitHub, VS Code, Termux
Development	API Integration, Authentication, Local Storage, Responsive UI

SOFT SKILLS

Problem Solving • Critical Thinking • Teamwork & Collaboration • Communication • Leadership • Adaptability • Time Management • Continuous Learning • Creativity • Attention to Detail

SELECTED PROJECTS

Ethio-Mart — Digital marketplace / e-commerce platform

Responsive marketplace interface with product browsing, categories, interactive UI, and practical shopping-focused design.
<https://graviton25.github.io/Ethio-Mart/>

NexaBank — Interactive banking dashboard

Banking-focused web application with account views, dashboard components, and transaction-oriented user experience.
<https://graviton25.github.io/NexaBank/>

NexaBank 2 — Full-stack banking application

Frontend connected to a Node.js/Express.js REST API with authentication, account data, transactions, deposits, withdrawals, and transfers.
Frontend: <https://graviton25.github.io/NexaBank-2/> | API: <https://nexabank-jbtp.onrender.com/>

Abyssinia Grand Hotel — Hotel web platform

Responsive hotel platform focused on professional presentation, usability, and interactive web design.
<https://abyssinia-grand-hotel.onrender.com>

LANGUAGES

English • Amharic

CAREER FOCUS

Interested in internships, collaborative projects, software development, engineering technology, and hands-on problem solving. Motivated to build practical systems that connect engineering thinking with modern software.
